

2018 VICTORY LUNCHEON - A GREAT SUCCESS

We are thankful for all who attended the Luncheon, those who served as volunteers, our Table Hosts, and each person who partnered financially. The event was covered in prayer and God was glorified throughout the afternoon. The room was filled with inspiration and vision for the FCA ministry in the Nation's Capital.

Here are some highlights from the afternoon:

- * Almost 200 guests attended the Luncheon.
- * Becky Wagner (along with children Caroline, Alden, and CJ), Landon Johnson, and Frank Kelly shared the legacy of our friend and former Board Chair, C.A.M. Wagner, and his passion for sending inner-city kids to camp.
- * The C.A.M. Wagner Memorial Scholarship Award was presented to two students and Coach Marcus Konde from Eastern High School.
- * We recognized the growth of ministry staff during the past year (Area Reps Hector Feliciano

and Jolee Paden) and the FCA presence on campuses (Deal Middle School, Wilson High School, American University, Eastern High School, and George Washington University). We shared the vision for additional staff and special events.

* Coach Mike London shared a powerful message, including emotionally stating "you are the match" as he related the story of him as a father being a bone marrow donor match for his daughter; do we want "a life of success or a life of significance?"; "are we operating in our strengths and working on our deficiencies?" God is ample and has a specific plan for us.

* We were blessed to receive \$60,000 in gifts and faith promises. If you were unable to attend and would like to support the ministry visit www.fcadc.org/donate.

It was a joy to share the growth and vision of FCA-DC and how we are impacting the coaches and athletes in Washington DC.

Fellowship of Christian Athletes Washington DC

"Looking back on my life and career, I know that God is the only reason I am where I am today. He has chosen to put me here to share His love with others. I understand I have a huge platform as a professional athlete, so I try to use it to share my faith through my actions, how I handle adversity on the field, and in the words I speak to the media and fans."

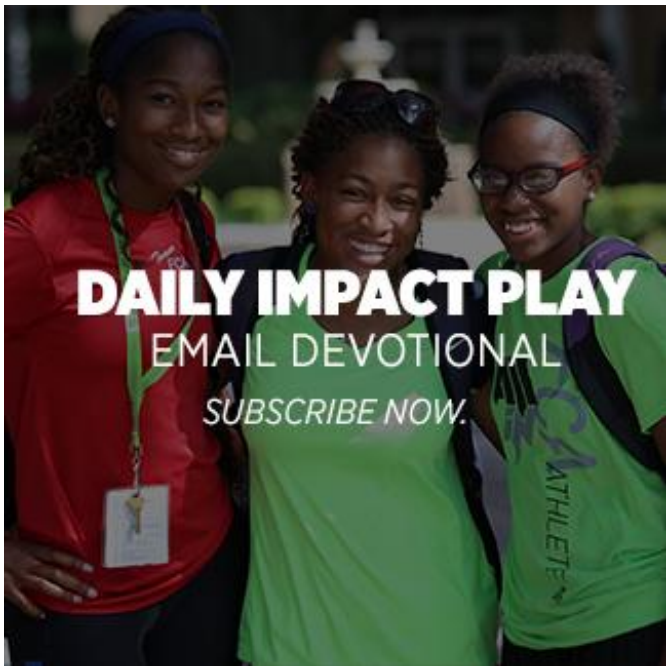

- Chase Headley

FCA IN THE NEWS

Area Director Justin Kleiner talked about FCA and the Super Bowl-winning Philadelphia Eagles with popular Pennsylvania radio station WDAC. Next month, Eagle Stefen Wisniewski will be a part of the Philadelphia Metro FCA Victory Dinner.
