

## CAMP RECAP

WOW - camp season has come and gone - with inner-city campers and FCA-DC staff attending and participating in Leadership Camp at North Bay in Maryland and at two Sports Camps (Kutztown University in Pennsylvania and the University of Richmond in Virginia). We were blessed to have 8 campers and 3 coaches attend North Bay; 9 campers attend Kutztown; and 6 campers attend Richmond. We expect some of these young people to be FCA leaders on their campuses in the fall.

At Leadership Camp, campers enjoyed a weekend of leadership skills training from a Biblical and spiritual perspective, an opportunity to "carry their cross" all weekend, and even some time to enjoy fun activities and competitions.

At Sports Camp, campers participated in morning competitions (strength, speed, agility) called Doing Sports God's Way, multiple huddle (small groups) times each day focusing on the camp theme, "One" (Phil. 1:27), afternoon training sessions in their sport, and powerful messages during evening assembly sessions.

### **We Want to Share a Few Quotes from Our Campers**

*"It helped me put God first"*

*"It taught me more about Jesus and faith"*

*"It made me see things differently  
and want to take the things I learned back to my team"*

We hope these quotes and the pictures and videos, <https://vimeo.com/225455703> <https://vimeo.com/220242677>, give you a brief snapshot of our Regional camps. We are thankful for the donors who provided funding to help us send kids to camp (and to provide transportation) and for prayers and encouragement throughout camp season. We are looking forward to working with coaches in the coming school year to help identify campers for 2018.

## Friends of FCA at the Top of Their Game

FCA has had many congratulatory wishes to hand out lately! Several friends of the ministry recently celebrated huge wins on the national sports stage, and used the honor to bring glory to God, as Stephen Curry and the Golden State Warriors won the NBA Championships, Matt Cullen and the Pittsburgh Penguins brought the Stanley Cup back to the Steel City, and Patty Gasso and the Oklahoma Sooners went on an incredible run to take the Women's College World Series title. Congrats to these amazing, godly athletes and their teams!

**"I've always been a believer that the Lord has put whatever talent in you, whatever gift He has put in you, He wants you to get the most out of that. He wants you to succeed; He wants you to pursue and work and be passionate about it. It's not about getting any of the glory for yourself; it's all for His [glory]."**

- Stephen Curry, Golden State Warriors

What impact do coaches have in an athlete's life? Three coaches involved in the 2017 Men's College World Series-Mike Martin (Florida State), Dan McDonnell (Louisville) and Jim Schlossnagle (Texas Christian University)-have discussed this topic with FCA Magazine, and **"The Wake Up Call Morning Show" (YES-FM)**, a Christian radio program with listeners in Ohio and Michigan, recently interviewed FCA Magazine Editor Clay Meyer.
