

2016 VICTORY LUNCHEON - A GREAT SUCCESS

Many thanks to all who volunteered, served as Table Hosts, partnered financially, and covered the event in prayer. God was glorified throughout the afternoon. The room was filled with inspiration and vision for the FCA ministry in the Nation's Capital.

Here are some highlights from the afternoon:

- * 160 guests attended the Luncheon.
- * Becky Wagner, along with daughter Caroline, and Frank Kelly shared the legacy of our friend and former Board Chair, C.A.M., and his passion for sending inner-city kids to camp.
- * The C.A.M. Wagner Memorial Scholarship Award was presented to Daud Thorn, student at Eastern High School.
- * Teague Moore, Head Wrestling Coach at American University, related inspirational stories about athletes being recognized for not finishing first. Click here to read more... **Terao finishes fourth at NCAA Wrestling Championships**
- * Don Davis' message: "Moment, Momentum, Miracle" focused on the significance of special moments in our lives and how important they can be in the lives of the youth in the inner-city through the ministry of FCA.
- * We were blessed to raise \$69,500 (93% of our goal). If you were unable to attend and would like to support the ministry visit www.fcadc.org and click the Donte tab.

It was a joy to share how FCA-DC continues to grow and how it impacts the athletes and coaches in Washington DC.

NATIONAL NEWS

Stephen Curry: 'I Play for Something Different'

Golden State Warriors point guard and 2015 NBA MVP Stephen Curry has had quite a year - a record 73 regular season wins and more playoff excitement. But he gives all the glory to God.

Read Curry's story in the May/June 2016 issue of *FCA Magazine* below where the basketball star says, "I want people to know when they see me play that something is different, that I play for something different, and whether I'm talking about it [or not], I just hope by the way I carry myself and by the way I play the game, they can see there's something different about that guy. And they find out what it is and then they know. It's part of who I am."
