September 2018 NEWSLETTER

“And how are they to believe in one they have not heard of? And how are they to hear without someone preaching to them?” Romans 10: 14

As we move on from our first decade in ministry, we wish to lean on the prayer of Jabez from 1 Chronicles 4: 9 -10 (look below).

We asked of God to continue His blessing on our ministry. That we may touch and reach more lives for His name sake. For we are God’s handiwork, created in Christ Jesus to do good works.

We asked of God for land to setup our own academy

and training centre with a dream towards a sport church. We realized that many of our kids would have difficulty adapting to a “normal” church.

We asked of God to protect our staff, volunteers and the kids that we serve. That none may be snatch away from His hand.

Just as God gave Jabez what he asked, we look towards Him for the same.

Took some of our academy boys for a local match.

Jabez prayed to God of Israel: “Bless me, O bless me! Give me land, large tracts of land. And provide your personal protection – don’t let evil hurt me.” God gave him what he asked.

Hannah Kao, International Rep from FCA MAR, spent a few days with us in Malaysia. The purpose of the trip was to scout and begin planning for a MD Collegiate Athlete trip for June 2019.

Hannah commented,

“Malaysia was impactful. Meeting staff and experiencing ministry in person was powerful.” We are glad she got to play with the ultimate team and had late night supper with the players. She made a great impression on our young ones.

Working with Perak Dodgeball Association to introduce the sport to the community. It is our plan to get some of our staff be certified as coaches and take the sport into the local schools.

There is also plans to start IpohBug Dodgeball as our community work.

Our team in Keningau, Sabah (East Malaysia) has introduced sport outreach to the churches in the township through their fellowship.

The Keningau Fellowship of Churches agreed to launch the Friendship League with fourteen churches representing. We plan to run a 3D Training for all teams' coaches and officials.
