***Student Huddle at Deal Middle School***

May your heart be as encouraged as mine as you look at the above picture which was taken after the first FCA Interest Meeting at Alice Deal Middle School, a public school located in NW DC right across Woodrow Wilson High School. I praise God for Stephanie Metzger (on the left), a 7th Grade Spanish Teacher and current FCA Huddle Teacher Sponsor at Deal Middle School!

*"Those who accept my  
commandments and  
obey them are the ones  
who love me"*

*John 14: 21*

Stephanie is a member of The District Church where she has met parents of students at Deal who wish there was a community for their middle school students to study God’s Word together.

Growing up, Stephanie was part of FCA at her school. And, she had good memories about the welcoming community she found within FCA and about how FCA helped her grow in her faith.

As a Christian teacher, she often has students ask her questions about her faith, but she is unable to explore this topic in the classroom setting. So, she is excited about how the Thursday mornings FCA Huddle will provide her students with a place to explore questions about faith and God. Please pray John 14:21 for Stephanie, and for the soon to be FCA Huddle Leaders (Justice, Simona, and Malachi)!

### *Coaches Huddle at American University*

You may or may not have heard the following quote by Rev. Billy Graham,

*“One coach will impact more young people in a year than most people do in a lifetime.”*

Whether true or not, the reality is that God provides coaches with many opportunities to teach life lessons and to influence the youth in a more positive way. However, not all coaches realize the many ways in which they can reach their athletes for God’s glory!

But, I praise God for coaches like the ones on the right: Philip, Barry, Ahen, Teague, and Clint and Shelly (no pictures yet). Each one of them is hungry to know more about God. And, they believe that a proper relationship with Christ can impact the health of their athletes’ lives on and off their given sports.

I am humbled to meet with them on Tuesday mornings, and I am excited about continuing to develop a closer relationship with each of them. And, I am honored to continue to spend intentional time praying for them and studying the Word together.

Join me in praying Colossians 2: 6-7 for the Coaches Huddle at AU; that as they hear and receive Christ in their hearts they may walk in Him, rooted and built up in Him and established in the faith just as they were taught by God’s Word and abounding in thanksgiving!

### *FCA Coaches Huddle At American University*

God is at work at American University every Tuesday morning as I have the privilege to pray with and to study the Bible with these coaches: Philip Reuer (Asst. Strength Coach), Barry Goldberg (Volleyball Head Coach), Ahen Kim (Volleyball Asst. Coach), and Teague Moore (Wrestling Head Coach). Continue to pray for each of them as well as for Shelly Montgomery (Field Hockey Asst. Coach) and Clint Musser (Wrestling Asst. Coach) both of whom have expressed interest in joining us. May God grant each of them wisdom and courage to invest in their players lives for God’s glory!
